

Sonaré®

# Trumpets

Sonaré partners with world famous **LEADPIPE DESIGNER, CLIFF BLACKBURN**, to bring you a trumpet with color, flexibility, and projection. Our exclusive **SONARÉ MICROLOK™ VALVE SYSTEM** (U.S. patent #7,667,117) revolutionizes valve alignment. The results of these features are free-blowing instruments, appropriate for both classical and jazz, with impeccable intonation and response.

Seelan Manickam, Bala Brass

## **AFFORDABLE EXCELLENCE**

Why pay for after-market options when they come standard on a Sonaré trumpet? Our Sonaré pro level horns are fitted with a Blackburn leadpipe in either brass or sterling silver, and the MicroLok adjustable valve guide. As an added bonus Sonaré offers cryogenic treatment as standard on this series of horn. Sonaré trumpets are available in Bb and C.

All Sonaré trumpet models are made in Elkhart, Indiana, USA!

**"THE RICH, WARM, FOCUSED  
AND BALANCED TONE ON  
THE SONARÉ TRUMPETS  
ALLOWS ME TO FREELY  
EXPRESS MYSELF AS AN  
ARTIST."**

**SEELAN MANICKAM**
